Note: This appropriation is used conjunctively with the appro-
priation obtained under permit No. 299, issued November 30th, 1906.
Both appropriations are combined by using the water through the
Holt Creek pipe line. The total appropriation for both permits is
limited to the capacity of the pipe line, viz., 0.619 cubic feet
per second, though the full amount may be used from either when the
supply from the other is short.

Description of use other than irrigation The water is diverted at the springs
through the South Branch of Holt Creek pipe line, into the main
Holt Creek pipe line. The pipe lines are eight inches and six
inches in diameter at different places. Water is used for MINING
and DOMESTIC purposes at the Starpointer, Veteran and Copper Flat
Mines, near Ely, White Pine County, Nevada.

The right to water hereby determined is limited to Mining and Domestic purposes.

and the use is restricted to the place where acquired and to the
purpose for which acquired; rights for irrigation not to exceed three acre-feet per year for each acre of land for
which appropriation is herein determined. Continued title to water depends upon beneficial use of water
appropriated.
